Dawnlight Roasters

Funding our second store

Raising NT$3 million

Sample deck. The company and numbers are made up.

Office workers want good coffee, but only chains are nearby

- About **40,000 people** work in Nangang Software Park
- All 9 coffee shops within a 5-minute walk are **chains**
- Our first store is at Nangang Station, a **12-minute walk** away
- **63%** of 212 customers would pay NT$20 more for fresh roast

> People already walk 12 minutes for our coffee. They need a store nearby.

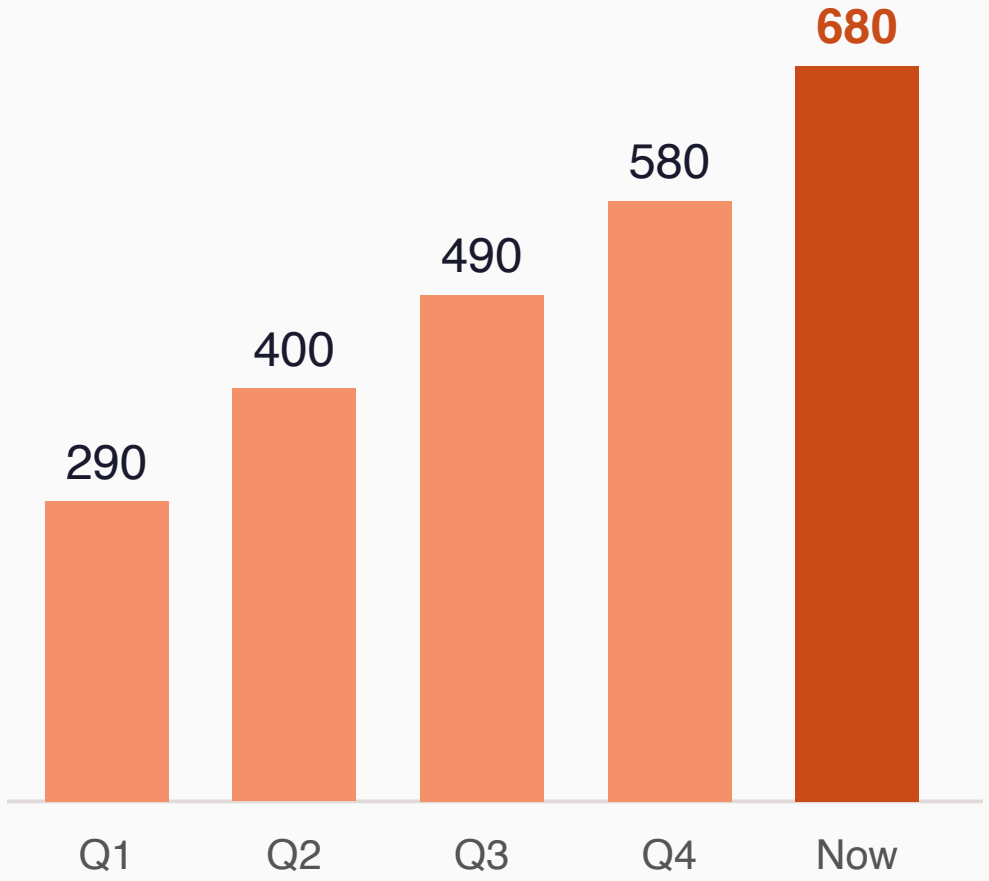

18 months in, the first store is on solid ground

Metric	First quarter	This quarter
Monthly revenue	NT$290K	NT$680K
Gross margin	54%	62%
Returning customers	21%	48%
Cups per day	90	210

Growth came from regulars, not discounts

- Monthly revenue grew about **2.3x**
- Returning customers: 21% to **48%**
- We ran no discounts in this period
- There's a line from 8 to 10 a.m.

Monthly revenue (NT$K)

Nangang beats Neihu for store two

Nangang Software Park

- 40,000 office workers
- No specialty coffee within 5 minutes
- Rent NT$850 per m^2

Neihu Science Park

- 130,000 office workers
- 3 specialty coffee shops already
- Rent NT$1,090 per m^2

How we'll use the NT$3 million

Use	Amount	Share
Fit-out and equipment	NT$1.7M	57%
Six months of working capital	NT$0.9M	30%
Bigger roaster	NT$0.4M	13%

Offering **15%** equity at a NT$20M post-money valuation

NEXT 12 MONTHS

Three milestones

Lease signed, fit-out starts: **month 2**

↓

Second store opens: **month 5**

↓

Store breaks even: **month 11**

The three biggest risks

Risk	Impact	Response
Regulars build slower than planned	Break-even slips	Tasting events with park offices before opening
No strong store manager	Quality drops	Start training a new manager three months early
Green coffee prices rise	Margin falls	Sign a 12-month fixed-price contract

More fresh coffee for Nangang
